Print Options

The image shows a Windows-style dialog box titled "Print Options - Infor". It has a blue title bar with a red close button in the top right corner. The dialog is divided into several sections. The "Print To" section includes a label "Print To" and a dropdown menu currently showing "P - Printer". Below this, the "Printer" section has a label "Printer" and a list of options: "P - Printer", "V - Viewer", "F - File", "X - Fax", and "A - Archive". The "File" section has a label "File" and a text input field. The "Margin Settings" section includes a label "Margin Settings" and a "Lines margin" dropdown set to "5". At the bottom of this section are two checked checkboxes: "Begin report with a form feed" and "End report with a form feed". The "OK" and "Cancel" buttons are located at the bottom right. A status bar at the very bottom contains the text "Select where to print the report".

Printers

Not all printers work well with
FACTS or Unix.

If you are buying a new
Printer, Call Mike Holly first!

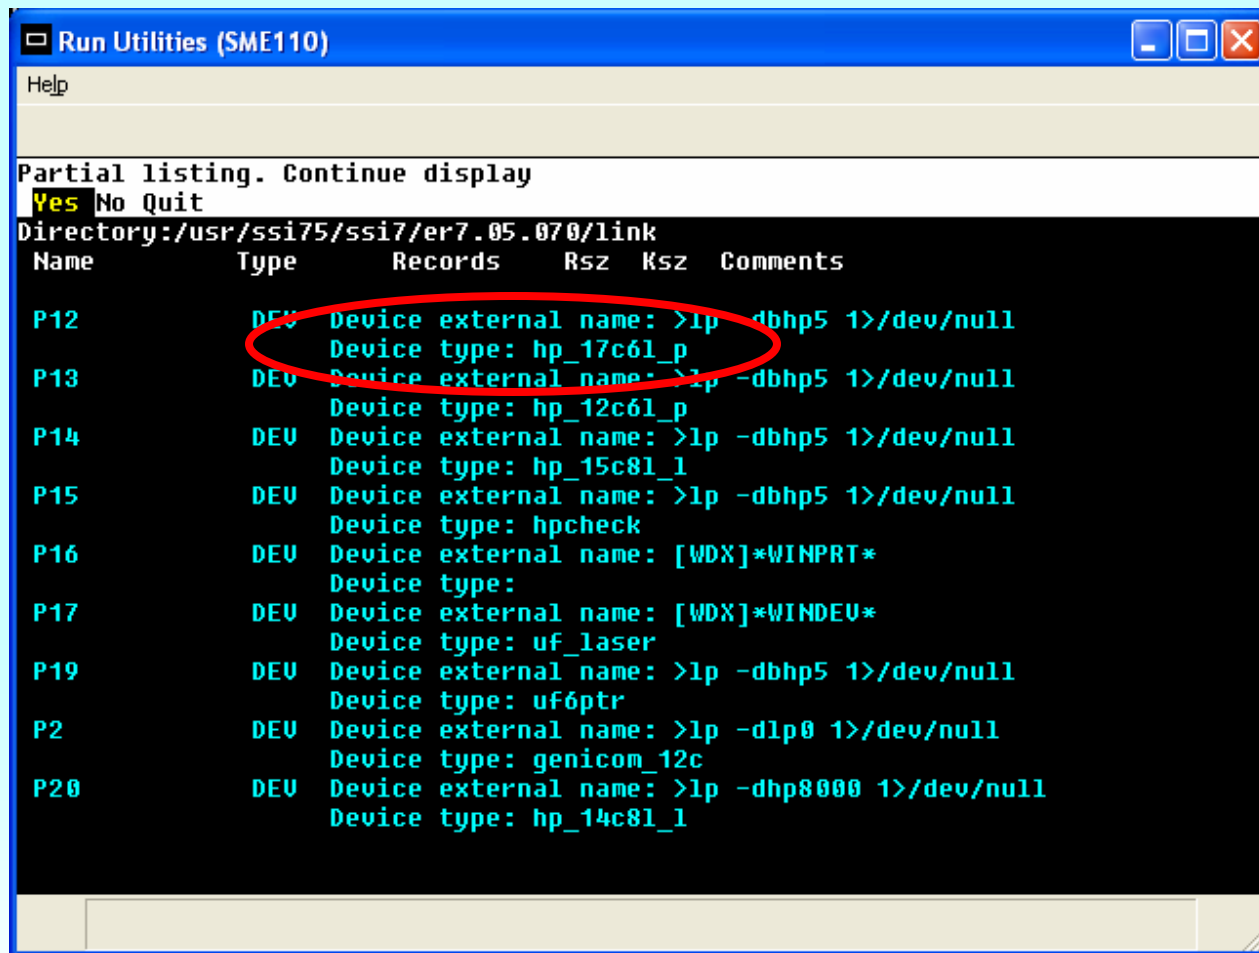

A decorative graphic consisting of three sets of concentric circles, resembling ripples in water, located in the bottom right corner of the slide. The circles are light gray and have a subtle gradient.

Selecting a Printer

- How will the printer be connected to your system?
- What documents & software are you going to use the printer for?
 - For example, UnForm requires PCL 5 compatible printers.
- Is the printer a “Windows Only” printer?

The image shows a Windows-style dialog box titled "Print Options - Infor". It has a blue title bar with a red "X" button in the top right corner. The dialog is divided into two main sections by a horizontal line. The top section is labeled "Print To" and contains three fields: "Print to" with a dropdown menu showing "F - File", "Printer" with a small icon of a printer, and "File" with a text box containing "[WDX]c:/open_ar.txt". The bottom section is labeled "Margin Settings" and contains a "Lines margin" dropdown menu showing "5", and two checked checkboxes: "Begin report with a form feed" and "End report with a form feed". At the bottom right of the dialog are "OK" and "Cancel" buttons. Below the dialog box, there is a light beige rectangular area with the text "Enter file to print to".

Export Search Windows to Excel

The screenshot shows a software window titled "Customer Search - Infor". At the top, there are three buttons: "Options", "Export", and "Print". The "Export" button is circled in red. Below these buttons are four tabs: "Alpha", "Contact", "Phone", and "Customer Class", with "Alpha" currently selected. A "Go To" text box is located below the tabs. Underneath is a "Filters" section containing two "Keywords" text boxes, an "And" button, a "Go" button, and a funnel icon. The main area of the window displays a table with four columns: "Alpha", "Customer", "Name", and "City, State". The table contains 15 rows of customer data. At the bottom of the window, there are three buttons: "By Ship-To", "OK", and "Cancel". A status bar at the very bottom contains the text "Enter beginning alpha to go to".

ODBC - Server

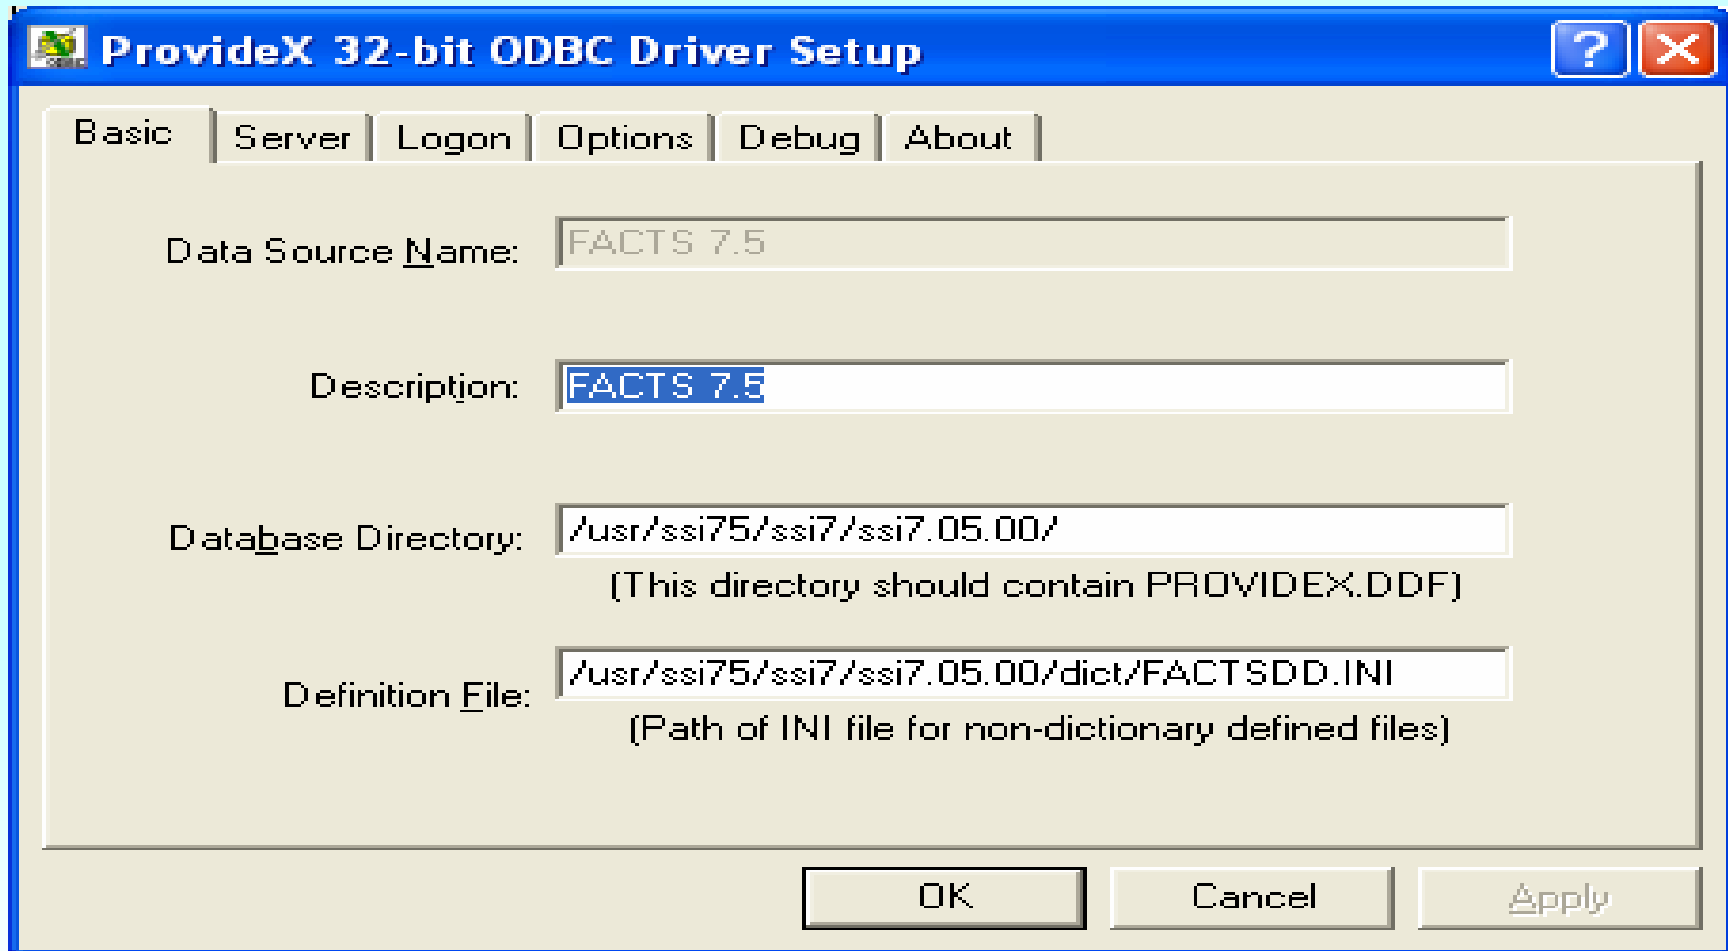

A terminal window titled "Tun VT320 - [.lsi_facts]" with a menu bar (File, Edit, Settings, Connection, Options, Window, Help) and standard window controls. The terminal output shows the command "ps -ef|grep puxodbc" being executed. The output lists two processes: one for the root user (PID 24512) running the ODBC server daemon, and another for the user 'rbg' (PID 71214) running a grep command. The prompt is "facts:/usr/puxodbc \$".

```
Tun VT320 - [.lsi_facts]
File Edit Settings Connection Options Window Help
facts:/usr/puxodbc $ ps -ef|grep puxodbc
  root  24512      1   0   Mar 09      -   0:00 /usr/puxodbc/puxodbs -f /usr/pu
xodbc/puxodbs.conf -p 20222
  rbg   71214  26114   2 14:20:20 pts/4   0:00 grep puxodbc
facts:/usr/puxodbc $
```

ODBC – Data Source Administrator

ODBC – Driver Setup

The image shows a Windows-style dialog box titled "ProvideX 32-bit ODBC Driver Setup". It has a blue title bar with a question mark icon and a close button. Below the title bar are six tabs: "Basic", "Server", "Logon", "Options", "Debug", and "About". The "Basic" tab is selected. The dialog contains four text input fields with labels to their left. The first field is "Data Source Name" with the value "FACTS 7.5". The second field is "Description" with the value "FACTS 7.5". The third field is "Database Directory" with the value "/usr/ssi75/ssi7/ssi7.05.00/" and a note below it: "(This directory should contain PROVIDEX.DDF)". The fourth field is "Definition File" with the value "/usr/ssi75/ssi7/ssi7.05.00/dict/FACTSDD.INI" and a note below it: "(Path of INI file for non-dictionary defined files)". At the bottom of the dialog are three buttons: "OK", "Cancel", and "Apply".

ProvideX 32-bit ODBC Driver Setup

Basic | Server | Logon | Options | Debug | About

Data Source Name: FACTS 7.5

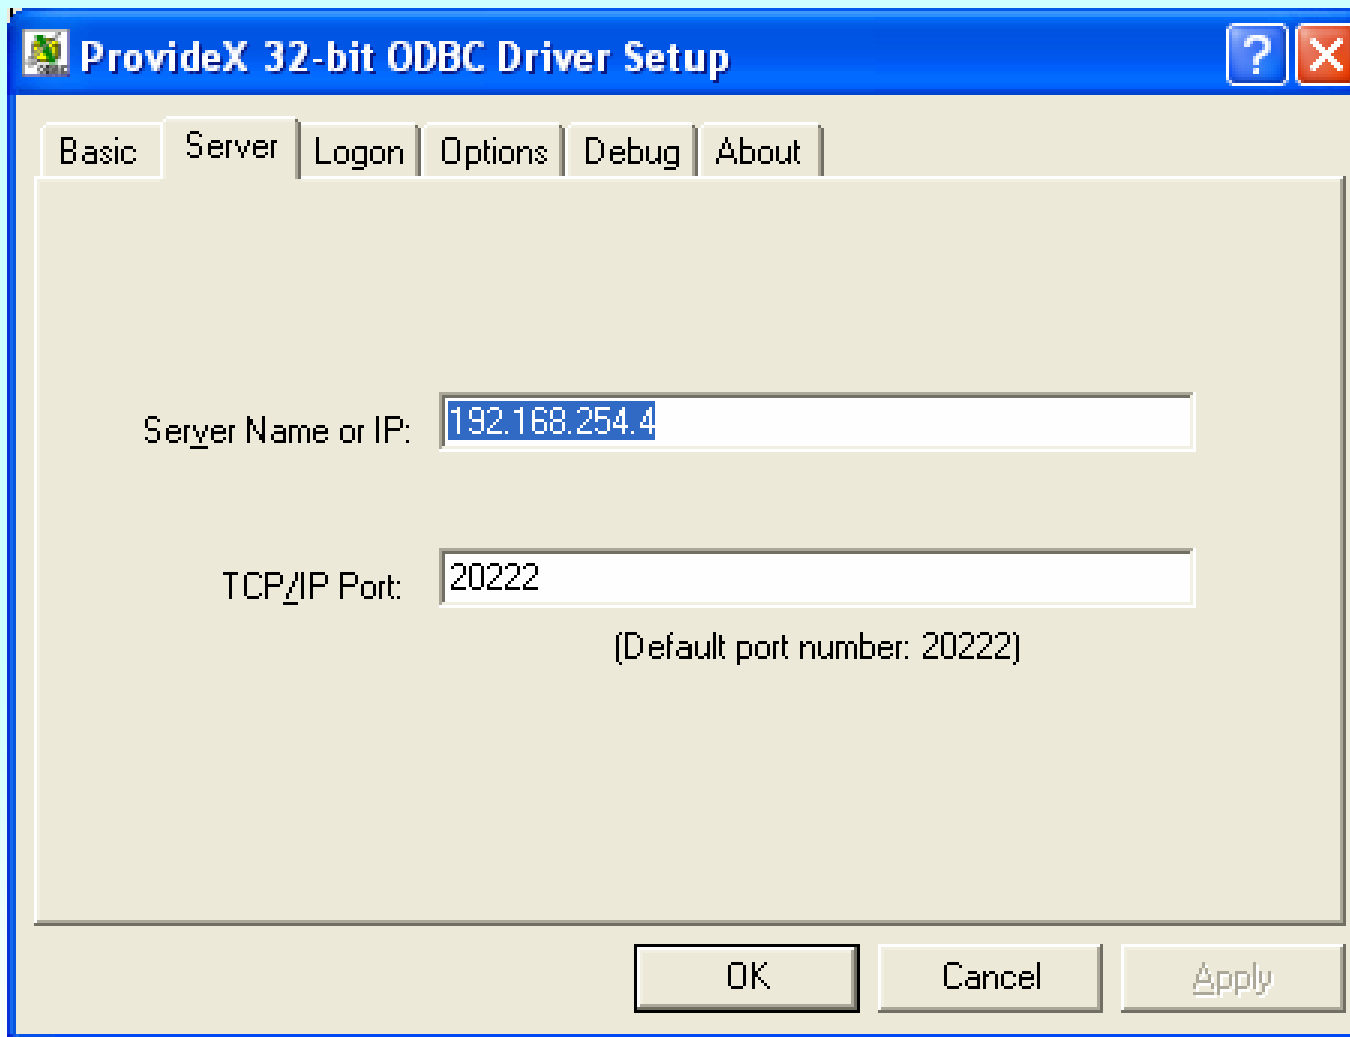

Description: FACTS 7.5

Dat**a**base Directory: /usr/ssi75/ssi7/ssi7.05.00/
(This directory should contain PROVIDEX.DDF)

Definition File: /usr/ssi75/ssi7/ssi7.05.00/dict/FACTSDD.INI
(Path of INI file for non-dictionary defined files)

ODBC – Driver Setup

The image shows a Windows-style dialog box titled "ProvideX 32-bit ODBC Driver Setup". It has a blue title bar with a question mark icon and a close button (X). Below the title bar is a tabbed interface with six tabs: "Basic", "Server", "Logon", "Options", "Debug", and "About". The "Basic" tab is currently selected. The main area of the dialog is light beige and contains two text input fields. The first field is labeled "Server Name or IP:" and contains the text "192.168.254.4". The second field is labeled "TCP/IP Port:" and contains the text "20222". Below the second field, there is a note in parentheses: "(Default port number: 20222)". At the bottom of the dialog, there are three buttons: "OK", "Cancel", and "Apply".

ProvideX 32-bit ODBC Driver Setup

Basic | Server | Logon | Options | Debug | About

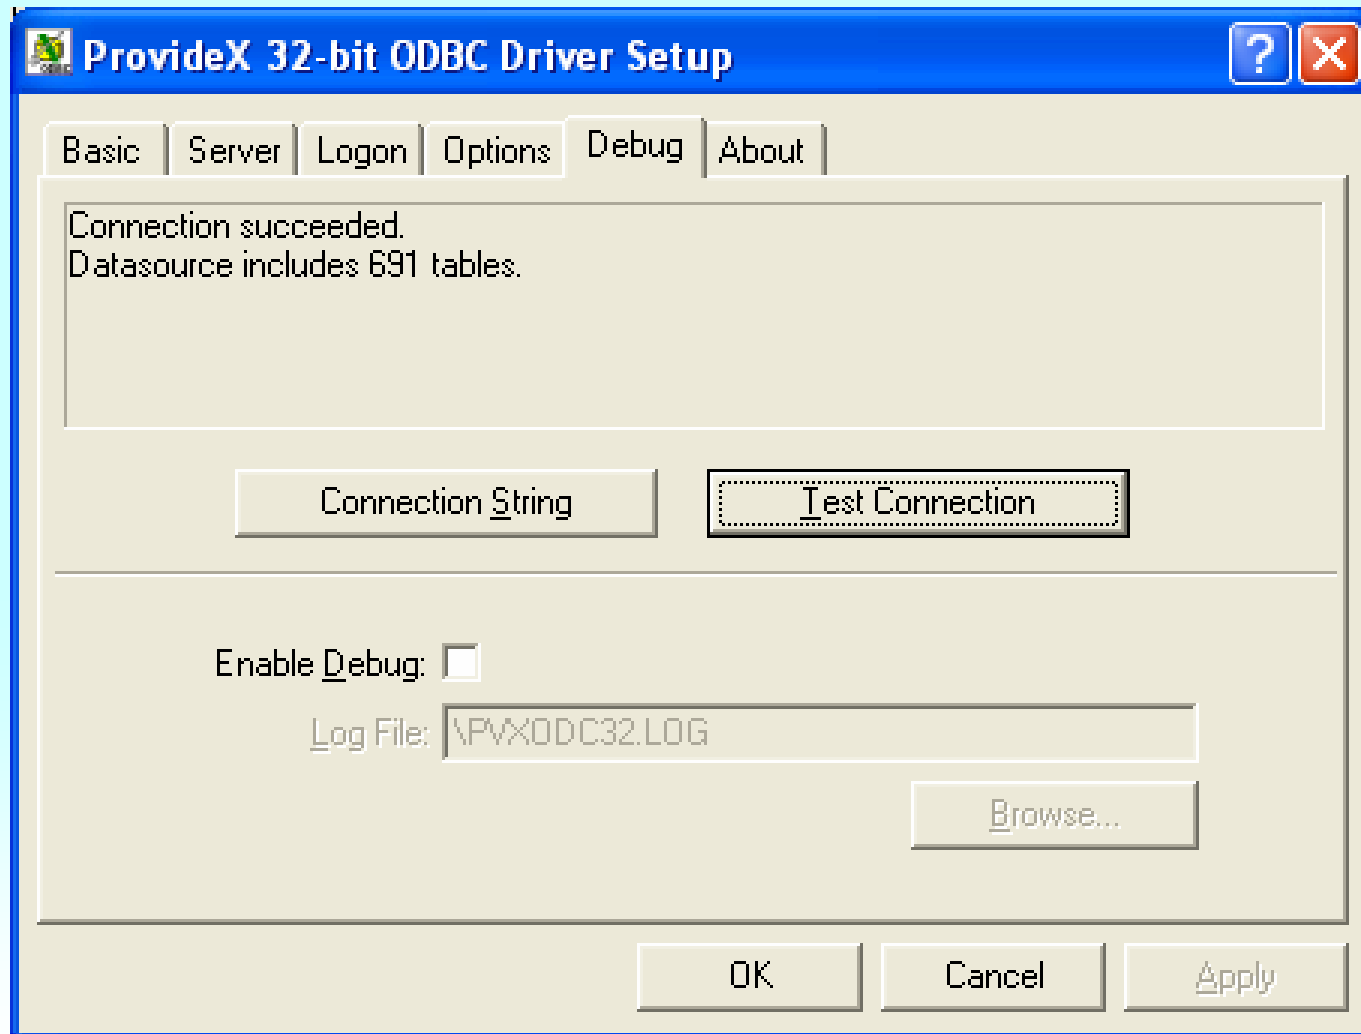

Server Name or IP: 192.168.254.4

TCP/IP Port: 20222

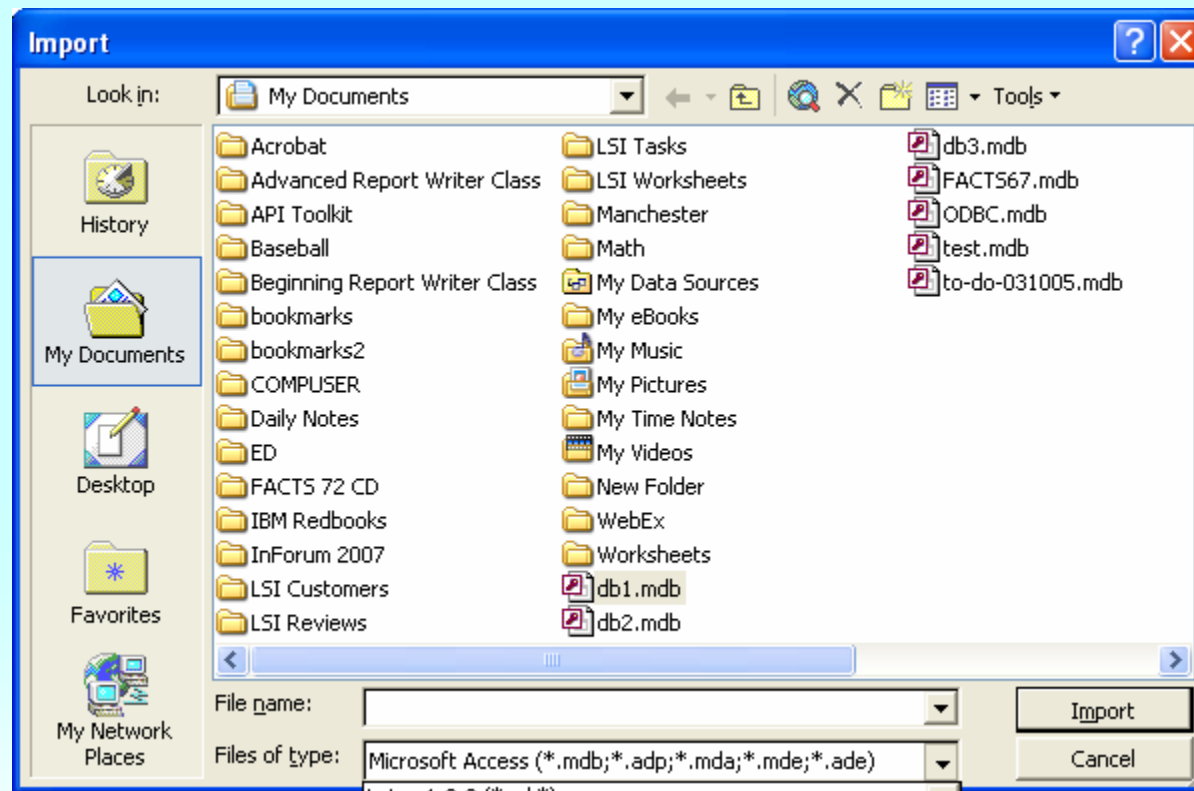

(Default port number: 20222)

OK Cancel Apply
